EXPERIENCE.....

Web Development Immersive

General Assembly, Sydney (Feb-May 2016)

During this immersive course I coded all day, every day, weekends and weeknights, for 12 weeks straight in latest tools and technologies.

Projects:

- Simple Project Management: Rebuilt Trello all by myself in a week, with rails, backboneJS, jQueryUI, bootstrap, google OAUTH2.0
- TradieFind: A tradesmen-customer finding application, built in a team of 4 developers working together for a week BackboneJS, google maps api, bootstrap, ruby on rails
- JS-haps: Built a community based javascript news application in Ruby on Rails and Bootstrap, postgresSql.
- Match Match Memory: A memory game in jQuery, added Facebook login and online leaderboard with firebase.

link to all my projects can be found on my portfolio at <http://prazwal.github.io>

Full Stack Web Developer - Intern (worked on practera.com)

Intersective, Sydney (Aug-Nov 2015)

I worked with global development team and implemented new features to Practera web app. I developed solid understanding of MVC concepts and Cake PHP that helped me to collaborate with the team in a version control environment. I was involved with the whole development life cycle from requirements engineering to implementation and testing.

I also made several front-end fixes, and modification as per requirement.

EDUCATION.....

Bachelor in Information Technology (Software Development)

Federation University Australia (2012 -2015)

GPA: 6.25 / 7 Degree with Distinction

Granted Golden Key International Honour Society Membership for being ranked in the list of high achieving students (in top 15 %)
